

HOW TO APPLY FOR CLEAN WATER STATE REVOLVING FUND FINANCING

The process to apply for stimulus funds is the same as the State Water Board's typical Clean Water State Revolving Fund (CWSRF) Program application process.

- 1) Get on the CWSRF Program's Project Priority List (PPL), by completing the State Water Board's on-line Financial Assistance Application Submittal Tool (FAAST) application. Instructions regarding this process are available at the following web address:
www.waterboards.ca.gov/water_issues/programs/grants_loans/srf/docs/fy0910_pp_list.pdf

To access the FAAST website go to: <https://faast.waterboards.ca.gov/>

- 2) Submit a CWSRF Financial Assistance application to Mr. Daniel Newton, at the following address:

State Water Resources Control Board
Division of Financial Assistance
1001 I Street, 16th Floor
Sacramento, CA 95814

It is important to submit your financial assistance application package as soon as possible, as projects will be considered on a readiness-to-proceed basis. The application and instructions are available online at:

www.waterboards.ca.gov/water_issues/programs/grants_loans/srf/srf_forms.shtml

Once your financial assistance application package is received, a CWSRF Program Project Manager (PM) will be assigned to ensure all necessary documents are completed timely.

If you are already coordinating with a PM within the State Water Board, you may continue to submit application materials to your existing PM, but please ensure that you update your project information in FAAST, so that your project(s) will be included on the updated Fiscal Year 2009/2010 CWSRF Program PPL.
